## ABOUT THE PRACTICE

Having provided private dental treatment for over 40 years makes us one of the longest established Private Dental Practices in Hull. With a friendly team and clean, modern facilities, our aim is to provide affordable, high quality general dental care and cosmetic dentistry to the people of Hull and the surrounding villages.

Passionate about what we do, we are a team of approachable, highly experienced and highly trained dental professionals. We provide all types of private dental care from general family dentistry to cosmetic dental treatments that include white fillings, teeth whitening, all ceramic crowns, bridges and veneers.

New patients are very welcome. Even if you have not been to the dentist for years, don't be embarrassed.

All adult patients are seen on a private basis and children are seen within the National Health Service until their 18th Birthday.

It is the practice policy to provide a good service of family care. We do our utmost to be up to date with equipment, materials and Postgraduate Education.

We emphasise the importance of preventative dentistry and recommend patients to have regular check ups.

## A P P O I N T M E N T S

All consultations are by appointment only.

Appointments should be made personally or by telephoning the surgery during surgery hours. Whenever possible we endeavor to be punctual with our appointments.

Cancellations must be received with 24 hours notice when possible. This enables us to make alternative arrangements perhaps to see someone in pain. If we do not have 24 hours notice a prepayment maybe requested for future appointments. In view of this, where possible, we contact all patients on the day prior to the appointment to remind them of the date and time.
